- Adobe® Reader® 7.0
- Adobe® Reader® 6.0

Hardware

Minimum 128 MB of RAM (512MB recommended)

1.024x768 screen resolution

Setup / Product Key and registration / Uninstall

Setup

The setup program for Instant PDF is called "Instant PDF Setup" and is either:

- located on the product CD
- downloaded from the Enfocus web site

Double-click the setup program and follow the on-screen prompts to install the software on your system.

Product Key and registration

You can find the 25-character Product Key (e.g. AB1DE-Fg7iJ-K29n0-4pRST-uW3Y)

- inside the DVD case and on the first page of the Quick-Start Guide
- together with the e-mail providing the link to download the electronic version

Use this key to activate Instant PDF. Without entering the Product Key you are allowed a 30-day fully functional trial period.

Use the online registration functionality located in the Help menu under the Support section to register your copy online. You must register to receive technical support and important product update information.

Uninstall

- Windows: The software can be removed from your system using the "Add/Remove Software" control panel.
- Macintosh: The software can be removed by running the setup program and selecting the Uninstall option in the Installation Type step.

Known issues

Please see the Enfocus Knowledge Base: <http://www.enfocus.com/support/knowledgeBase/>

For important information about page boxes when using direct PDF export from QuarkXPress™, please read <http://www.enfocus.com/support/knowledgeBase/showarticle.php?kbnr=167>

Version history

Instant PDF 3.6

Instant PDF 3.6 is a free maintenance update for existing Instant PDF 3.0 versions. This release fixes or enhances functionality in several areas:

- Next to Adobe® InDesign® CS 3.0, Adobe® InDesign® CS2 4.0 is now also supported.
- Several bug fixes

Instant PDF 3.5

Instant PDF 3.5 is a free maintenance update for existing Instant PDF 3.0 versions. This release fixes or enhances functionality in several areas:

- Instant PDF 3.5 supports Acrobat® 7, Acrobat® Distiller™ 7 and Adobe® Reader® 7. It enables you to check and fix PDF 1.6 specific features during preflight.
- This version of Instant PDF installs the new set of PDF Profiles (only if there was no prior installation of one of the Enfocus products). These PDF Profiles can also be found on our website <http://www.enfocus.com/profiles/>
- Additional output options for QuarkXPress and InDesign have been added.
- Preferences for measurement units have been added
- PitStop Professional is no longer slowed down by the Instant PDF review in Acrobat.
- The preflight report error "Color management could not be accessed" has been solved.
- Several minor bug fixes

Instant PDF 3.02

Instant PDF 3.02 is a free maintenance update for existing Instant PDF 3.0 versions. This release fixes or enhances functionality in several areas:

- It's the first version of Instant PDF 3 that is available in French, German, Spanish and Italian.
- Next to QuarkXPress™ 6.1, QuarkXPress™ 6.5 is now also supported.
- Instant PDF 3.0 sometimes froze right after the application was launched because of a problem with the software update check.
- The system is no longer drastically slowed down when using Suitcase and Instant PDF at the same time.
- The shortcut for Save as Certified PDF in QuarkXPress™ on Mac has changed from Command + Shift + C to Command + Option + C.
- If a QuarkXPress™ document contains bleed and the PDF Queue defines the bleed should be kept, this is now handled correctly.
- The file size of PDF files generated by Instant PDF, using InDesign Direct PDF Export, has been reduced.

Instant PDF 3.0

Instant PDF 3.0 is a payable upgrade from any previous version, introducing a revolutionary new concept and tools for creating press ready Certified PDF documents.

Contact info & product feedback

Enfocus Software welcomes and values all problem reports, ideas and suggestions.

If you have the choice we prefer electronic mail to other media. Feel free to send us (preferably small) sample files as attachments. Sample files up to 4MB can be attached.

- Report a problem: use "Report a problem" from the support section of the Help menu or <http://www.enfocus.com/support/reportaproblem.php>
- Email: support@enfocus.be
- Web: <http://www.enfocus.com>
